SECUNORM SMARTCUT

NO. 110000

Original size

One use, two advantages
The SECUNORM SMARTCUT is a disposable cutter. For you, that means: no risk of injury when changing the blade. The blade will also not get lost in the production process.

Slider on both sides
With the right hand? With the left hand? This question does not arise. Because we have fitted the SECUNORM SMARTCUT with a slider that is accessible from both sides. Choose for yourself!

Light and easy
At only 17 g, the SECUNORM SMARTCUT is a genuine light weight. This also contributes to quick and efficient cutting. Without hands and arms getting tired.

Perfect handling
The product does not only look handy. Its small, rounded handle really does sit comfortably in your hand. And there's much more: So that your thumb doesn't slip, the slider has grooves.

You can't lose it
As compact as the SECUNORM SMARTCUT is - there is an eyelet for tethering the cutter to you or the work station.

Yes, a cutting tool can be this SMART.

Make one cut with this knife and you'll know immediately why it's called a SMART cut. Its light and compact shape is SMART. The fact that it is suitable for almost all types of cutting material is SMART. Automatic blade retraction in such a small housing is SMART. Its immense popularity as an attractive commercial cutter definitely proves its SMARTness.

PRODUCT FEATURES

Technical features

	High safety		Disposable knife
	Very ergonomic		Extended blade length
	Cutting depth		For right and left hander
	Lanyard hole		Printable for promotional purposes

Main cutting materials

	Cardboard: up to 2-ply		Wrapping, stretch, and shrink foil
	Tape		Layers of foil or paper
	Yarn, cord		

Installed blade

» The blade cannot be changed. Blade thickness 0.63 mm.

Application

Safety technology

Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM SMARTCUT guarantees a very high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. The blade can thus withdraw back into the handle immediately after leaving the material being cut.
