

SECUNORM SMARTCUT  
COMPLETE YOUR JOB WITH EASE.

THE SAFER WAY TO CUT.

**martor**

# SECUNORM SMARTCUT

NO. 110100

Original size

**One use, two advantages**  
The SECUNORM SMARTCUT is a disposable cutter. For you, that means: no risk of injury when changing the blade. The blade will also not get lost in the production process.

**Slider on both sides**  
With the right hand? With the left hand? This question does not arise. Because we have fitted the SECUNORM SMARTCUT with a slider that is accessible from both sides. Choose for yourself!

**Light and easy**  
At only 17 g, the SECUNORM SMARTCUT is a genuine light weight. This also contributes to quick and efficient cutting. Without hands and arms getting tired.

**Perfect handling**  
The product does not only look handy. Its small, rounded handle really does sit comfortably in your hand. And there's much more: So that your thumb doesn't slip, the slider has grooves.

**You can't lose it**  
As compact as the SECUNORM SMARTCUT is - there is an eyelet for tethering the cutter to you or the work station.

## Yes, a cutting tool can be this SMART.

Make one cut with this knife and you'll know immediately why it's called a SMART cut. Its light and compact shape is SMART. The fact that it is suitable for almost all types of cutting material is SMART. Automatic blade retraction in such a small housing is SMART. Its immense popularity as an attractive commercial cutter definitely proves its SMARTness.

### Application

### PRODUCT FEATURES

#### Technical features

High safety

Disposable knife

Very ergonomic

Extended blade length

Cutting depth

For right and left hander

Lanyard hole

stainless

Printable for promotional purposes

#### Main cutting materials

Cardboard: up to 2-ply

Wrapping, stretch, and shrink foil

Tape

Layers of foil or paper

Yarn, cord

#### Installed blade

» The stainless steel blade cannot be changed. Blade thickness 0.63 mm.

### Safety technology

#### Automatic blade retraction – a high degree of safety

The automatic blade retraction of the SECUNORM SMARTCUT guarantees a very high degree of safety from cut injuries. As soon as you have started to cut, take your thumb off the slider. The blade can thus withdraw back into the handle immediately after leaving the material being cut.
